

Features

1. World-Leading INCTM noise reduction technology, can reduce 92% of background noise.
2. Earmuffs and head wear are accord with Ergonomic design, headphones inside filling sponge holster design, more comfortable and have no oppressive to wear .
3. Neoteric round, smooth appearance design, leading the fashion trend.
4. Built-in controller, can be wire control music playback operation and can be connected the smart phone ,you can answer the telephone easily when you enjoy the music.
5. Special 6pin connector for PTT, can connect any connector for different band radios.
6. AAA battery capacity can meet you 200 hours working time.

Specification

P/N	NC101	SNR	<-95dB
Power type	Standard AAA#7 alkaline battery	Impedance	32-500 ohm (power off)
Quiescent dissipation	≤12mA	Output power	≥40mW THD=10% F = 1KHz
Cord length	L=1.2M	THD	≤1% F=1KHz Po=1mW
Frequency range	20 Hz-18 KHz	Noise attenuation	≥24 dB 92%
L -R Sensitivity difference	Within 3dB (at 1KHz 1mw)	Input jack	6PIN connector for PTT
Closed-loop voltage gain	6dB F=400Hz	Working time	30 hours
Isolation	≥45dB Po=1mW F=1KHz	Certification	CE FCC

Noise Cancelling Headset

P/N:NC101
